

The Statue of Liberty

Q: Have you visited New York City before? There are lots of interesting sights to view. The Statue of Liberty is among the top sights to see in New York. In New York Harbor, it is located on Liberty Island. The statue can best be seen by standing in Battery Park and looking out at the lake. To see the Statue of Liberty closely, you can take a ferry ride from Battery Park to Liberty Island and get a closer look at the Statue of Liberty, which lies across the bay in front of you. 151 feet tall is the height of the Statue of Liberty. In 1884, France presented it to the United States. The statue represents independence and displays a woman wearing a long robe and holding a torch. Millions of visitors have visited the Statue of Liberty since it was built in 1886. It is a significant national symbol.
