

Contraction

A contraction is a shortened version of the spoken and written forms of word, syllable, or word group, created by omission of internal letters and sounds.

Draw a line to match each of the sets of words on the left with the correct contraction on the right.

I am

they're

he is

I'm

they are

he's

she will

shouldn't

can not

won't

should not

can't

will not

she'll
