

Telling Time

The small arm of clock tells the minutes and the long arm shows the hour.

Here the small arm is at **2** and long arm is at **4** which means **20** minutes, so the clock showing the time is **2:20**

Q: Draw the arm on clock face according to the time given

 6:35	 4:20	 12:45
 11:25	 3:55	 4:00
 6:00	 2:00	 11:00
