

Telling Time

The small arm of clock tells the minutes and the long arm shows the hour.

Here the small arm is at **2** and long arm is at **4** which means **20** minutes, so the clock showing the time is **2:20**

Q: Draw the arm on clock face according to the time given

 3:00	 6:40	 3:45
 8:40	 10:00	 11:15
 6:10	 9:55	 12:00
